Question 1:

According to the passage, why did Shiho decide to study eco-business at university?

(解答例)

Because she joined an eco-tour in Canada and became interested in eco-business.

Question 2:

This spring, the Smith family is coming to Tokyo, and Shiho is going to spend a day with them. If you were Shiho, what would you do? Choose one thing and explain your answer with some more information.

○考える時間が1分間与えられます。

(解答例)

I would take them to Hibiya Park by train. It is a large park in the center of Tokyo.

They could see seasonal flowers and modern buildings at the same time. They could enjoy walking in the park. If they took trains, they could learn that trains in Tokyo are very convenient.

Question 3:

Please imagine the following situation and answer the question. You are going to attend a school in another country. How would you make friends there?

○考える時間が1分間与えられます。

(解答例)

I would try to make friends by talking to my classmates. I would ask them about their hobbies and interests. I would also show them how to make origami because it is a traditional Japanese activity. By spending time together and learning about each other, I think I could make friends.
