

What is the Public High School Night School Program?

1 What is the time table of the program?

The night school program is offered from 17:30 to 21:00, however it varies from school to school.

Basically, one session is 40 minutes, 4 sessions per day.

Food services are available between the sessions.

2 What can I study?

You can study 9 subjects for junior high school.

You can also study some subjects for elementary school, if you need.

The certificate for the completion is issued to the person who has completed the courses.

3 Who are studying in this program? (Who do I study with?)

This program is for those who were unable to complete their compulsory education (elementary school and junior high school) due to various circumstances.

Some students are teenagers from different countries, while others are 80s.

4 There are a lot of fun in the school life.

This program is offered at 8 junior high schools in Tokyo.

The program in each school provides with excursion and school trip.

The sports day in October and ball game competition are held between these eight schools.
